2. Summary Statistics

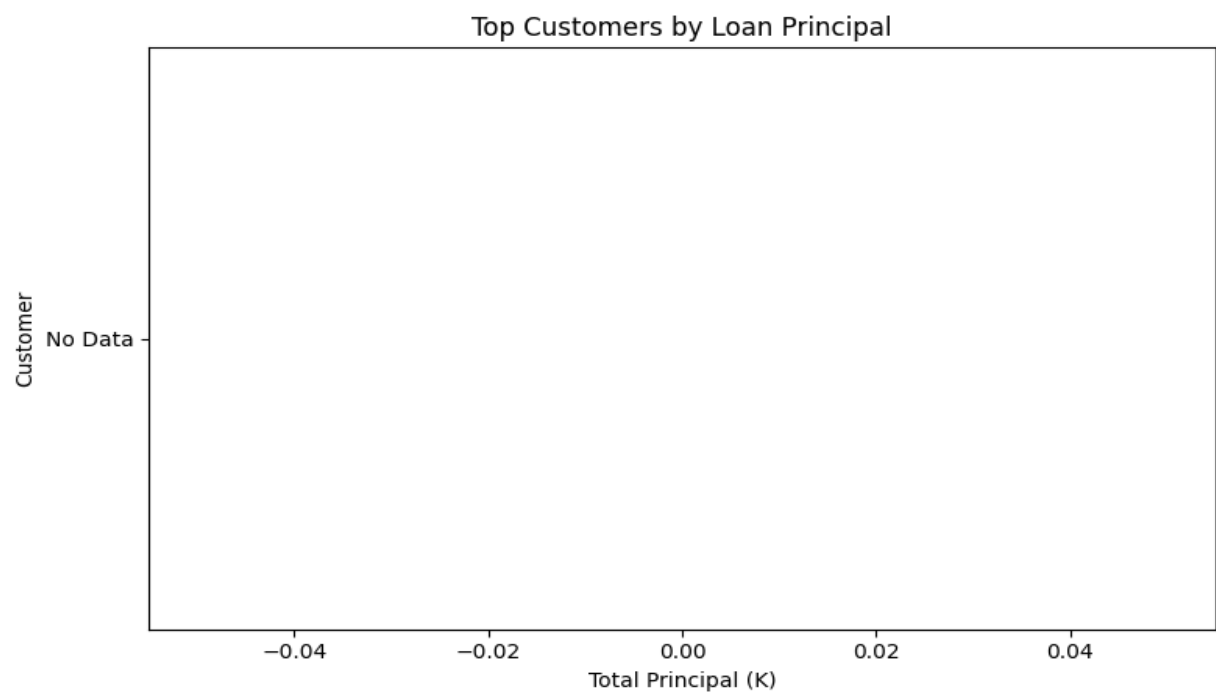

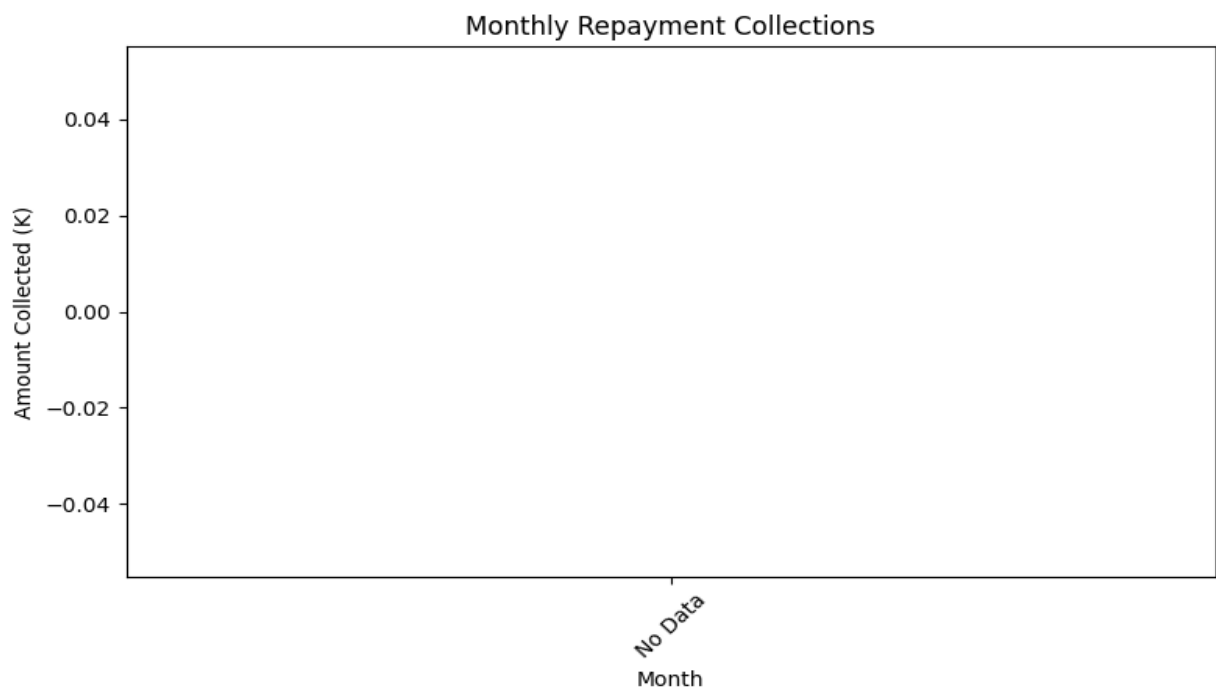

Metric	Value
Average Principal	0.0
Average Interest Rate	0.0
Average Term Months	0.0
Average Eligibility Score	0.0
Maximum Principal	0.0

3. Loan Status Distribution

Status	Total
--------	-------

4. Analytics Visualizations

5. Top Customers

Code	Customer	Loans	Total Principal
-	No loan data	-	-

6. Overdue Risk Ranking

Loan	Customer	Days Overdue	Outstanding	Risk Score
-	No overdue loans	-	-	-

7. Management Recommendations

1. Portfolio indicators are currently stable; continue routine monitoring and periodic review.

8. Visualization Justification

The loan-status bar chart compares discrete loan states. The monthly application line chart shows changes over time. The repayment bar chart compares monthly collection amounts. The horizontal customer-ranking chart supports easy comparison of portfolio concentration by customer.
